 Non-NHPA Tribal Comments.xlsx

<!--[endif]-->

Tom,

Does this seem to be what you wanted?

Thanks Kelly. We only need to address the non-NHPA comments with the Poarch, Miccosukee and Seminole Tribes, so we don't need the notes from the meeting with the Choctaw Nation of Oklahoma or the Muscogee Creek Nation for this exercise. Also, I didn't hear the Miccosukee Tribe raise any new issues in the second meeting, as that meeting was primarily for EPA to provide our responses to the issues raised in the first meeting on Indian Country. We should include any non-NHPA comments raised in the meeting with the Seminole Tribe, and for those comments that may be duplicative of what they provided in writing prior to Nov 2, we can pull our responses from the RTC.

I will attempt to start this tomorrow. To be clear, is this all comment letters or only the comments received outside of those we addressed in Responsiveness Summary? I will also review notes from all the calls but I never received final notes on second Miccosukee call and can not find a record of final meeting notes with Choctaw or email where we send them to the Choctaw.

I understand and know there's a lot on your plate. Might you have capacity tomorrow or Friday?

No Tom I don't. I'm struggling to get the consultation record for Matt and Michael and we're also trying to square away the contract/508 issues. I'm supposed to be off at 3 but expect I'll be working past that just to get these things done.

Kelly – Do you have the capacity to develop a matrix for a response to comments to the three R4 tribes regarding the non-NHPA issues that they raised, by sometime tomorrow? I know that the Miccosukee Tribe raised non-NHPA issues in their letter, but I'm not sure about the Seminole Tribe and Poarch Band of Creek Indians. We also need to see if any non-NHPA issues came up in our meetings with them, beyond what is in their letters. I know there's other things on your plate so please let me know. Thanks, Tom
